**Re: Electronic Search Terms for Montana AWP Action**

Dear Jeniphr:

Attached is our list of proposed search terms for Montana's search for responsive electronic documents. Our understanding is that these are very similar to the search terms that were agreed upon by all parties in the State of Connecticut AWP actions. As stated in our letter of December 16, we ask that the State begin by searching the emails of the current and former Medicaid employees whose depositions we have taken or noticed. Thank you.

Sincerely,

A handwritten signature of Charles Sipos in black ink.
